for great ideas on hosting an

# UNFORGETTABLE MOVIE PARTY

Whether you're having friends over to watch the latest releases or hosting a Hollywood awards party, Kodak can help you roll out the red carpet. Photography, décor and creative menus all weave together to create a fun, themed event that will keep your guests raving for years to come.

**Kodak** EasyShare  
system

# Here are a few secrets from Kodak for throwing a memorable get-together:

**Set the stage.** Serve theater classics like giant soft drinks and buttered popcorn. Or recreate a classic movie scene right in your living room. Invite guests to come dressed from a certain time period and serve munchies that reflect the movie's title.

**Serve up the memories.** Create a unique tray for serving refreshments by using pictures to create a collage in a large picture frame. Fasten two handles to the frame and watch your friends' reactions when you tell them you made it yourself!

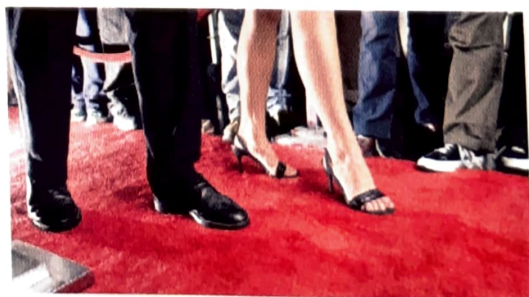

**Live from the red carpet.** Give your friends an entrance they'll never forget! Roll out your very own red carpet and snap paparazzi-like pictures

with the chic new KODAK EASYSHARE V530 Zoom Digital Camera.

This stylish little camera comes in a variety of colors

so you can choose one that complements your outfit! Try Red Shimmer or Midnight Black.

**Casting call.** Take digital photos of your guests as soon as they arrive, then print pictures with a KODAK EASYSHARE Printer Dock and incorporate “Hollywood headshots” into your table decorations. Apply glitter to an inexpensive accordion-fold photo album before the party. Simply slip in the pictures to add some movie-star sparkle to your buffet. Your guests will enjoy becoming part of the theme, and will be amazed at how quick and easy it is to print!

**Take home the adventure.** Be the picture-perfect host by including a KODAK EASYSHARE Printer Dock in the party plan. Guests can capture candid moments with an EASYSHARE digital camera or camera phone and print instantly with a Printer Dock. These prints make great party favors for guests to take home.

**Don't miss a moment of the action.** So some friends couldn't make it? They won't miss a moment when you email pictures directly from the new KODAK EASYSHARE-ONE Zoom Digital Camera, a first-of-its-kind wi-fi digital camera. Just snap and send.

### See it again for the first time.

After the party, don't forget to share!  
Upload your digital pictures into an album  
on KODAK EASYSHARE Gallery. Your  
friends can order any picture they want,  
as well as pick out frames or create

calendars. Treat yourself to your own **Photo Book** of the event.

**Relive your favorite scenes.** Instead of keeping all of those great memories locked on a memory card, visit a **KODAK Picture Maker** digital printing kiosk to quickly and easily print high-quality pictures in a variety of sizes. Use the prints to create a fun photo album of your get-together to share with guests when they come over to visit.

## GET FOUR FREE\* DVDs when you purchase \$199 in participating KODAK Products AND *Cinderella Man* on DVD

Visit [www.kodak.com/go/cinderellaman](http://www.kodak.com/go/cinderellaman) to learn more
